20 May 2022

DR. NICOLAS T. CAPULONG
Regional Director
Department of Education MIMAROPA

SUBJECT: Invitation to and Endorsement Request for the Webinar, "Introduction to School-plus Home Garden cum Biodiversity Enhancement Enterprise (SHGBEE)" as part of the Celebration for the International Day of Biological Diversity

Dear Director Capulong:

A conservation day to you!

The Mindoro Biodiversity Conservation Foundation Inc. (MBCFI) is an environmental organization which aims to promote increased awareness and care, and collaborative conservation efforts for Mindoro's biodiversity through its various programs. MBCFI has been providing technical assistance and other kinds of support towards developing stakeholders' awareness and capacity on biodiversity conservation and sustainable management of protected areas in the island of Mindoro.

This year, we are celebrating the **International Day of Biological Diversity** with the theme, "**Building a shared future for all life.**" According to the Convention on Biological Diversity, Biodiversity remains the answer to several sustainable development challenges. In support, Mindoro Biodiversity Conservation Foundation Inc. (MBCFI) will be organizing a series of activities as part of our celebration for this environmental event.

We will be conducting a webinar titled, "**Introduction to School-plus-Home Garden Cum Biodiversity Enhancement Enterprise for MIMAROPA,**" in partnership with the Southeast Asian Regional Center for Graduate Study and Research in Agriculture (SEARCA) and University of the Philippines Los Baños (UPLB), on **May 31, 2022, 9:00 – 11:30AM.** MBCFI has previously partnered with SEARCA for the publication of "Mindoro TREASURES: A Teaching Reference for Environment Awareness and Sustainable Use of Resources." This time, we aim to enhance the capacity of teachers by integrating the concept of sustainable agriculture and biodiversity enhancement.

In line with this, we would like to request your good office to endorse this webinar to the Schools Division Offices in MIMAROPA Region and invite the teachers to attend this online event. We would also like to invite you to give the **Key Messages** at the start of the webinar. Further, we would also like to request assistance on the Zoom and FB live arrangements for this webinar, so as to maximize the reach of the webinar.

Further details on the program flow will be communicated in the following days. You may contact our CARE Program Officer and the coordinator for this activity, Ms. CJ Bantiling, should you have any questions or concerns regarding this activity. You can reach her through her email, christinejov_p_bantiling@mbcfi.org.ph or mobile number at 09175372393.

We look forward to your positive response!

In conservation,

Grace C. Diamante
